

# Church of Saint Joseph

National Register of Historic Places

Dear Donna,

March 29, 2019

I would like to thank you for the beautiful, faith-filled, *Stations of the Cross* concert that you provided at St. Joseph's parish. The response from the parishioners to me was that your concert was powerful, moving, and a true blessing for them.

One of the elements of your concert that struck me as you spoke, was your unwavering commitment and the deep love which you have for our Catholic faith. I believe that it is a powerful witness for the faithful, to hear from a national figure as yourself, as to the gift and importance of our Catholic faith and call to a life of prayer.

As I was standing behind the people at the concert, I could see many reaching up to wipe tears from their eyes. Your concert, combining the video images, with your heartfelt, beautiful singing was a true gift from the Lord, which created a moving impact on those in attendance.

I hope and pray that you continue to persevere and thrive in this music ministry which the Lord has obviously given to you; that you continue to touch souls through the power of the Holy Spirit and the gentle touch of Our Lady.

God's peace and mercy to you always...

Blessings,

Fr. Viviano

Pastor – St. Joseph / Westphalia
